

## ADDENDUM NO. 6

**Project:** Missoula Garden City Compost Improvements Project

**Owner:** City of Missoula, Montana  
1345 W. Broadway  
Missoula, MT 59820

**Engineer:** Anderson-Montgomery Consulting Engineers  
1064 N. Warren  
Helena, MT 59802  
(406) 459-8463 – Paul Montgomery, P.E.

**Date of Addendum:** March 24, 2025

**Bid Opening Date:** April 2, 2025 – As Amended

The following corrections, clarifications, and/or alterations to the specifications for the project are as such a part and parcel of said plans and specifications as if included therein. Removed language shall be ~~stricken~~ and new language shall be ***bold italics***.

### **TECHNICAL SPECIFICATIONS:**

#### **1. Section 00 11 16 – INVITATION TO BID**

This project is funded with grant and loan funding from the MDEQ State Revolving Fund Loan Program and the American Rescue Plan Act (ARPA) program administered by the MDNRC. Award of the project will be contingent upon available funding and award concurrence from the MDNRC and MDEQ. American Iron & Steel (AIS) ~~and Buy America, Build America Act (BABAA)~~ provisions apply.

#### **2. Section 00 21 13 – INSTRUCTIONS TO BIDDERS**

- Article 3, Part 3.01E:

##### QUALIFICATIONS OF BIDDERS

3.01 ~~E. DBE Subcontractor Solicitation Information~~

- Article 27 – DISADVANTAGED BUSINESS ENTERPRISES is being removed in its entirety
- Article 30 – BUILD AMERICA, BUY AMERICA (BABA) REQUIREMENTS is being removed and replaced in its entirety with the following:

##### ***ARTICLE 30 – AMERICAN IRON AND STEEL (AIS) REQUIREMENTS***

***30.01 BIDDER'S attention is directed to this Article of the Instructions to Bidders for the American Iron and Steel Requirements for this project. All of the iron and steel products used in the project must be produced in the United States. The term "iron and steel products" means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, rebar, and construction materials. The iron and steel products permanently incorporated in the project must comply with the American Iron and Steel requirements of Section 436 of the Consolidated Appropriations Act***

of 2014 (P.L. 113-76) and as further interpreted by applicable EPA guidance (see [http://water.epa.gov/grants\\_funding/aisrequirement.cfm](http://water.epa.gov/grants_funding/aisrequirement.cfm)).

### 3. Section 00 43 93 – BIDDERS CHECKLIST

~~DBE Subcontractor Solicitation Information~~

### 4. Section 00 90 00 – FUNDING AGENCY SPECIAL PROVISIONS

- 1.2.6 - Project Sign and Exhibit A-1 are being removed in their entirety;
- 1.3.2 - Guidance for Participation by Disadvantaged Business (DBE) Enterprises In United States Environmental Protection Agency Programs of 40 CFR 33 is being removed in its entirety;
- 1.3.10 - Build America, Buy America (BABA) Requirements and Exhibit E are being removed in their entirety;
- 1.3.11 – Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment is being removed in its entirety;

### CLARIFICATIONS/INFORMATION:

1. MDEQ has stated that the old sludge storage pond south of the project site can be utilized for the disposal of construction dewatering effluent under the following condition: the pond must first be re-contoured to eliminate the risk of surface overflow to the Clark Fork or adjacent delineated wetlands. Presuming there is no discharge to State waters, an authorization under General Permit MTG-070000 for Construction Dewatering is not required. Please see Exhibit A for a plan sheet showing the location and size of the existing sludge storage pond.

### ATTACHMENTS:

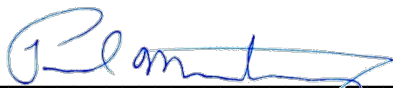

Attached for the bidder's information are the following:

1. Exhibit A – Old Sludge Storage Pond Site Plan: for construction dewatering disposal

**Please Remember To Acknowledge Receipt Of This Addendum when submitting bids through QuestCDN.**
